20 August 2007

NOTICE TENTATIVE WASTE DISCHARGE REQUIREMENTS FOR KAUTZ VINEYARDS, INC IRONSTONE VINEYARDS CALAVERAS COUNTY

TO ALL CONCERNED PERSONS AND AGENCIES:

Enclosed are tentative waste discharge requirements (WDRs) for the Kautz Ironstone, Inc, Ironstone Vineyards in Calaveras County. These WDRs were significantly revised in May 2007; however, the Discharger now wishes to apply winery wastewater to a different land application area. Therefore, only those portions of the tentative WDRs that are related to the new land application areas are being revised (attention is directed to changes made in redline/strikethrough format and Attachment B). Regional Water Board staff will only consider comments that pertain to the new land application areas.

Comments or recommendations you may have concerning the new land application areas in the enclosed tentative order must be submitted to this office by **20 September 2007** in order for us to give full consideration prior to the 25/26 October 2007 meeting of the Regional Water Board.

In order to conserve paper and reduce mailing costs, a paper copy of the tentative WDRs has been sent only to the Discharger. Interested parties are advised that the full text of the WDRs is available on the Regional Board's web site at <http://www.waterboards.ca.gov/centralvalley/tentative> under the heading of "Discharger-Specific Orders for Future Board Meetings." Anyone without access to the Internet who needs a paper copy of the tentative order should contact Scott Kranhold at (916) 464-4689.

If you have any questions, please call me at (916) 464-4631.

STEVE E. ROSENBAUM
Senior Engineering Geologist
Land Disposal Program
Lower Sacramento River Watershed
